

CONSULENZA & FORMAZIONE

CS Group

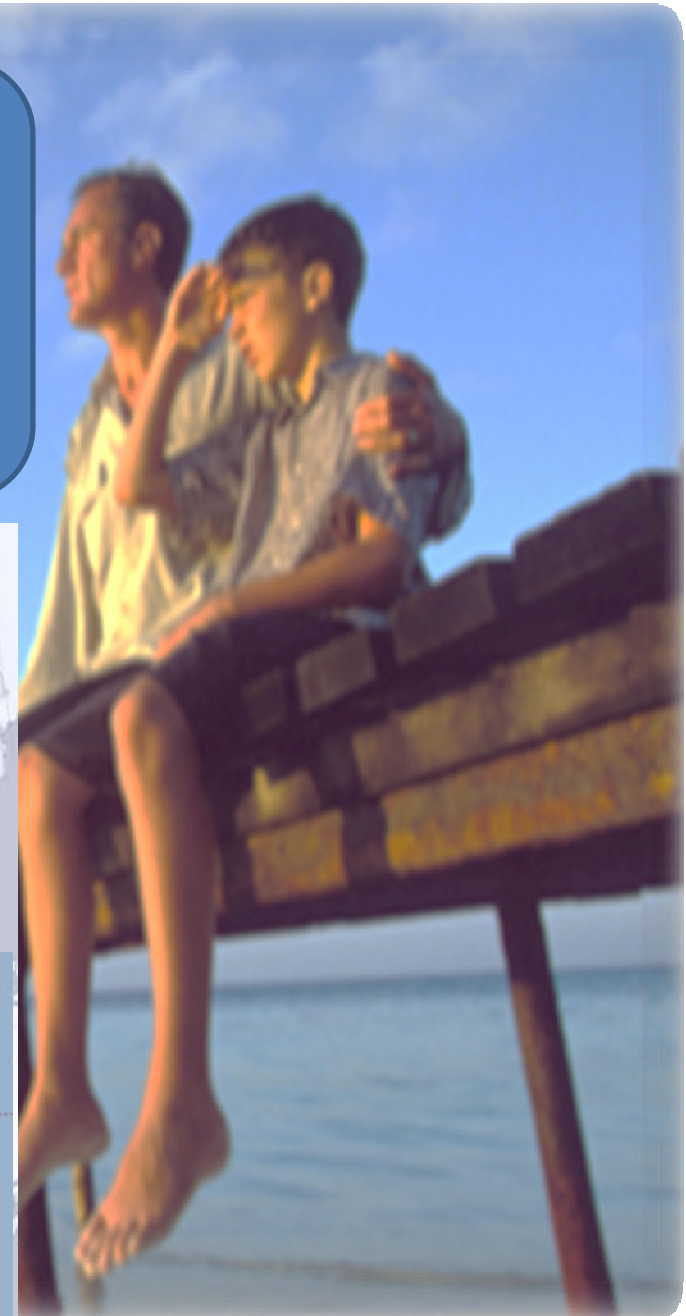

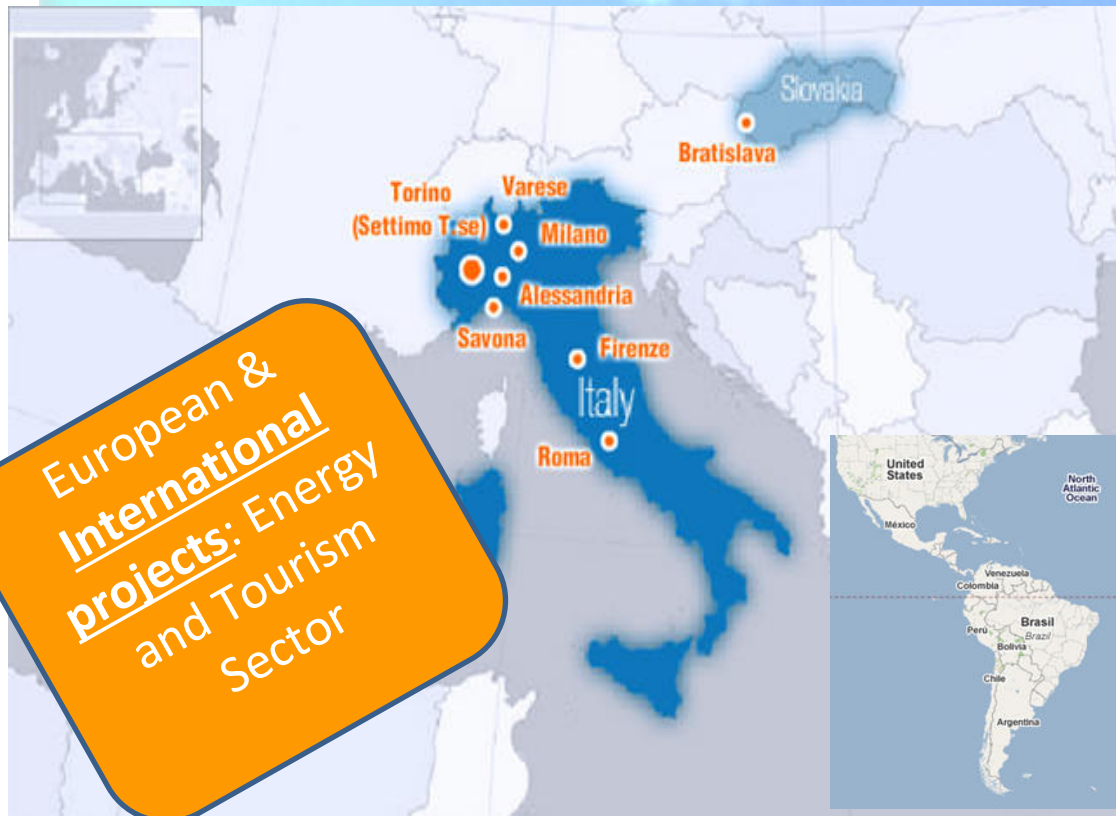

European Projects Dept.

Cairo, 6th November 2014

Presentation by
Dr. Claudio Rosso

Group of services companies, from 1990 Operating in whole national territory and in main european countries as well in Brasil.

During its over 20 years' experience in the field of European funding programs, CS Group has taken part in several projects derived from different programmes at national, European and international level.

CS Group participated in elaboration, presentation and management of numerous projects - dealing with various topics, such as **improvement of educational systems; RES, Efficient Energy; E-Tourism innovation, etc.**

By means of these projects, CS Group has gained a well-developed network of partners, at national, european and international level, specializing in the field of **public administration** - **national authorities**, **public bodies** and other institutions.

An extensive experience gained in accessing, managing, implementing and monitoring of EU funded projects, equips CS Group with a **competent** and **effective** administration of all the stages and activities of a **project cycle**.
